

READY FOR SUCCESS

By David C. M. Carter

Out of my way, please

Success, like luck, happens when opportunity collides with preparedness. Are you ready for success? Have you decided what you will do when your moment arrives? What will you give up to get success? Will it be fears? Limiting beliefs? Time?

Victory is assured when you have made a decision and you stick to it. Once you have made the decision to begin, the clarity of your vision is directly related to the effectiveness of your actions. Don't waver when others question your sanity or reasonableness. Until you have accomplished what you came here to do, you are protected by the power of your purpose. As long as you are doing the right thing and doing it the right way, you will be successful.

We need the conviction to say to ourselves. "I have made up my mind. I have decided. I have a vision. Out of my way, please." A committed person who encounters a problem

searches for a solution. A loser who encounters a problem looks for an escape.

So what is your big dream? When will you take the first step? As Goethe said: "Whatever you can do, or dream you can, begin it. Boldness has genius, power and magic in it."
